BUSINESS LOAN REQUEST

Synthetic applicant submission for multi-agent deal review testing

IMPORTANT: This is fictional test data for software development only. It is not a real loan application, offer, or legal document.

1. Applicant and Request Details

Field	Details
Request ID	SYN-REQ-2026-021
Applicant	Blue Oak Manufacturing Pvt. Ltd. (fictional)
Proposed lender	Northstar Community Finance Ltd. (fictional)
Facility type	Business term loan
Requested principal	USD 500,000
Purpose	Purchase manufacturing equipment and fund installation costs
Submission date	18 October 2026
Requested term	36 monthly instalments

2. Proposed Commercial Terms

Clause 2.1 — Interest. The applicant requests a fixed annual interest rate of 8.5%, calculated on the outstanding principal using an actual/365-day basis.

Clause 2.2 — Fee. The proposed origination fee is 1.0% of the approved principal, payable at disbursement.

Clause 2.3 — Repayment. The applicant proposes 36 monthly instalments. The first instalment is proposed for 1 December 2026, and the final scheduled instalment for 1 November 2029.

Clause 2.4 — Maturity. The requested maturity date is 1 November 2029.

3. Proposed Security and Covenants

Clause 3.1 — Collateral. The applicant proposes a security interest over equipment purchased with the loan proceeds. An equipment schedule, serial numbers, and independent valuation are to be supplied before disbursement.

Clause 3.2 — Security registration. The applicant proposes that the security interest be registered or perfected before first disbursement, with evidence retained in the transaction file.

Clause 3.3 — Debt service coverage. The applicant proposes a minimum debt service coverage ratio (DSCR) of 1.20x, measured quarterly. If DSCR falls below 1.20x, the applicant will notify the lender within five business days and submit a remediation plan within 20 business days.

Clause 3.4 — Additional debt. The applicant will seek prior written consent before incurring additional secured debt exceeding USD 100,000, except ordinary-course trade payables on normal commercial terms.

4. Conditions and Applicant Statements

Clause 4.1 — Documents. The applicant expects to provide a signed agreement, board approval authorising borrowing, equipment purchase contract, current financial statements, and evidence that collateral requirements have been met before disbursement.

Clause 4.2 — Identity checks. The lender is expected to verify the identity and authority of the applicant's authorised signatory and complete its customer due-diligence checklist before releasing funds.

Clause 4.3 — Financial reporting. The applicant proposes to provide annual financial statements within 120 days after each financial year-end and quarterly management accounts within 45 days after each quarter-end.

Clause 4.4 — Insurance. The applicant proposes to maintain commercially reasonable insurance on the collateral and provide evidence of coverage upon request.

5. Exclusions and Restrictions

Clause 5.1 — Use of proceeds. Loan proceeds will be used only for equipment purchase and related installation costs. Proceeds must not be used for personal expenses, speculative cryptocurrency trading, weapons purchases, or unlawful activity.

Clause 5.2 — Assignment. The applicant will not assign rights or obligations under the facility without the lender's prior written consent.

6. Items Not Included in This Request

The applicant submission does not specify a governing-law jurisdiction, does not include executed signature pages, and does not include an equipment schedule, independent collateral valuation, financial statements, board resolution, or customer due-diligence evidence. These items may be provided separately; their absence here should be flagged for review rather than assumed to prove non-compliance.

End of synthetic loan request.
